1 Preface:

These Release Notes cover what is new in the software release 2.10.2 and provide the download and installation instructions.

The software release is part of an ongoing process to extend the functionalities of the iLiad and to improve the overall performance to ensure an even better electronic reading experience for our customers.

The release notes of previous software versions can be found on the download section of our website:

<http://www.irextechnologies.com/downloads/docs>

2 What's new in the software release 2.10.2?

2.1 *Mobipocket Dictionary Support*

- The Mobipocket Viewer on the iLiad now allows you to open and search in Mobipocket dictionaries and lookup words directly from your Mobipocket books. Please see the updated Mobipocket User Manual for details.

2.2 *Battery Life*

- Resolved a problem with some new iLiads that have only 5 hours of battery life. Affected devices will now behave according to spec again.

3 How to download and install the latest release?

In order to benefit from this release and any future software releases you will need to create a user account to connect to iDS. If you have an account, you can skip 3.1 and proceed to 3.2 “How to download and install the software release”.

3.1 How to create an account

- Go to <https://myirex.irexnet.com/user.php> and fill in your e-mail address.
- You will receive an automatic e-mail with a password in your e-mail inbox.
- Configure the *iLiad Settings* on your iLiad and insert your e-mail address and the password you received.
- You are now ready to connect to iDS.

(Note: Make sure that your iLiad is fully charged or connected to the power plug before starting the download).

3.2 How to download and install the software release

- Connect to the iDS by pressing the connect key of your iLiad for 2 seconds.
- You will be presented with the iLiad network profiles screen. Select to connect to iDS (using your stylus).
- After connecting to the server you will get a message: **Downloading Software Upgrade v2.10.2** and the progress of the download.
- When the download is complete the iLiad will install the update and restart itself.
- After restart: no special action required

4 Technical Support

If you experience problems with the installation please contact our Tech Support centre.
